Add 2 ml Puri-Line Sanitary cleaning (item no. 165519) to 0,4 l of water.

165519

168867

3

Hæld halvdelen af opløsningen af vand og Puri-Line Sanitetsrens over de 10 klude.

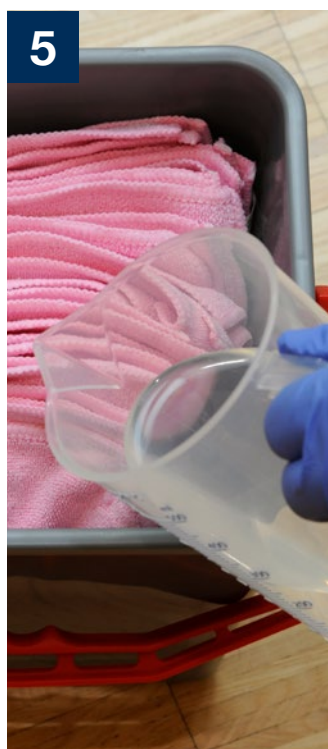

Pour half of the solution of water and Puri-Line Sanitary cleaning over the 10 cloths.

4

Kludene vendes.
Flip the cloths.

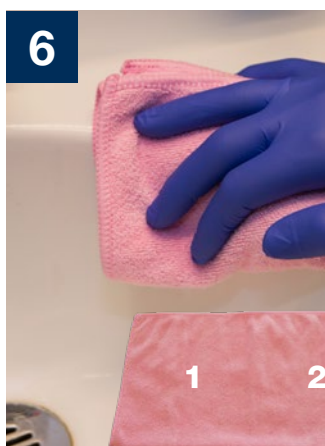

Doseringen er baseret på klude-størrelse 32 x 32 cm
The dosage is based on cloth size 32 x 32 cm

5

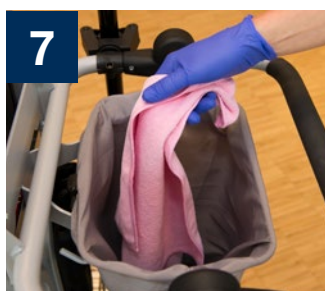

Til sidst hældes resten af opløsningen af vand og Puri-Line Sanitetsrens over kludene. Efter få minutter er kludene klar til brug.

Finally pour the rest of the solution of water and Puri-Line Sanitary cleaning over the cloths. After only a few minutes the cloths will be ready for use.

6

Kluden skal være foldet og vendes, når den er snavset.
The cloth should be folded and flipped when it is dirty.

7

Når hele kluden er synlig snavset, smides den til vask.
When the entire cloth is visible dirty, throw it to laundry.
